

Availability of the 2014 Registration Document

Bordeaux, 2 June 2015

Europlasma SA, the French company specialised in the design and operation of plasma solutions for renewable energy generation and hazardous waste recovery, announces that its 2014 Registration Document (“Document de Référence 2014”) has been filed with the “Autorité des Marchés Financiers” (AMF) under the number D.15-557.

This document is available in French under the regulatory conditions and may be consulted/uploaded on the “Shareholders & Investors” page, under the “Regulated information” section on Europlasma website (www.europlasma.com), as well as on the AMF website (www.amf-france.org).

About EUROPLASMA

At the heart of environmental issues, EUROPLASMA designs and develops innovative plasma solutions for renewable energy generation and hazardous waste recovery, as well as related applications for multi-sector companies wishing to reduce their environmental footprint.

EUROPLASMA is listed on Alternext (FR0000044810-ALEUP). For more information: www.europlasma.com
